

Blobs & Sidewalk Cracks!

I see animals in sidewalk cracks and other random things, and so can you!

This PDF contains 21 images of sidewalk cracks, smooshed trash, water marks, peeled paint and other “blob” shapes... all ready for you to add eyes, fur, scales, ears, legs and more to create wonderfully unique animals.

If you feel stumped, turn the pages around and around... a creature is sure to jump out at you! Then, add an eye shape or a beak and you're on your way.

Use pencil, ballpoint pen, colored pencils, pastels and more! Have fun!
